

Safety and Regulatory Information

The following sections contain notices for various countries:

NOTICE FOR THE U.S.

FCC Part15: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, this notice is not guaranteed that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician.

CAUTION: To comply with the limits for the Class B digital services, pursuant to Part 15 of the FCC Rules, this device must be installed with computer equipment certified to comply with the Class B limits.

Modifications

Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device.

State of California Proposition 65:

WARNING: Handling the cord(s) on this product may expose you to lead, a chemical known to the State of California to cause cancer and birth defects or other reproductive harm. Wash hands after handling.

NOTICE FOR CANADA

This apparatus complies with the Class 'B' limits for radio interference as specified in the Canadian Department of Communications Radio Interference Regulations.

WARNING: To prevent fire or shock hazard, do not expose this appliance to rain or moisture.
